Other children’s titles include:

**ASK**

Each themed issue of ASK invites newly independent readers to explore the world of science and ideas with topics that really appeal to kids: What makes wind? Where do colors come from? Were pirates real? ASK is science kids demand to read!

Grades 3-5

**CLICK**

Just right for inquisitive young children, each issue of CLICK is a journey of discovery about the world around them, one exciting topic at a time, sparking a lifelong love of reading and learning about nature, the sciences, and the arts.

Grades 1-2

**CRICKET**

Acclaimed for its high-quality fiction, nonfiction, poetry, and brilliant illustrations, CRICKET delivers intelligent, imaginative content that encourages readers to develop their own, unique creativity.

Grades 4-8

**DIG**

Budding archaeologists are off to new adventures at archaeological sites around the world, where they look over the shoulders of professional archaeologists working in the field to unearth important finds.

Grades 5-9

**MUSE**

Kids who can’t help wondering whether video games really kill their brain cells, or what a gentleman ladybug is called, will find the answers here. MUSE is perfect for any kid interested in science, history, and the arts.

Grades 5-9
1. From your PC, Mac, iPad, iPhone, Kindle Fire HD/HDX, or Android device, go to www.gchrl.org and click Digital Library.
