Galileo: Maximized!

Galileo has default search settings that only search a fraction of the 267 available resources. In order to maximize your search efforts, follow these easy steps to search more of the 267 resources Galileo has to offer.

**Step 1:**
Click SEARCH

**Step 2:**
Scroll down to #3 and click SHOW MORE DATA­BASES and click SELECT ALL.

**Step 3:**
Go back up to 1 and enter your keywords to search multiple databases.

Access:
www.ecgrl.org

Go to DATABASES, select GALILEO.
Outside of library, you will need a password.
Call 706-863-1946 with your library card # to get it.
Galileo: Maximized!

2. Select search options

- Full-text search (only returns articles that may be read online)
- Peer reviewed (articles reviewed by experts)
- All dates
- From: 2010 To: 2010

Search multiple databases at one time

1. Enter search keywords

   Keyword
   And

   Keyword
   And

Step 4:
Select FULL-Text and Peer Reviewed and select dates.

Step 5:
Scroll all the way down to the bottom and click SEARCH DATABASES.

Following these 5 steps will increase your results.

If you find there are too many, go back to the "ENTER SEACH KEYWORDS" section and edit the fields as necessary.

Look at the "Tips!" in the right margins, especially when entering the search terms.

Search multiple databases at one time

1. Enter search keywords

   Keyword
   And

   Keyword
